IF.Transition

```
graph BT; A["edu.udel.cis.vsl.civl.semantics.common.CommonTransition"] --> B["edu.udel.cis.vsl.civl.semantics.IF.Transition"]
```

The diagram illustrates a class inheritance relationship. A light gray box at the bottom represents the superclass, and a white box at the top represents the subclass. A blue arrow points from the superclass box to the subclass box, indicating that the subclass inherits from the superclass.
